

It's all about

One More Child

It's been about helping one more child since 1904

Whether it's providing diapers for a newborn, food for a hungry child, safety for an abused child, or foster homes to children in crisis, our mission is to meet the immediate needs of vulnerable children and struggling families while building relationships that demonstrate that the love of Jesus changes lives. In 2020, we impacted more than 324,000 children and individuals through our expert programs and creative services that offer help, healing and hope. Our burden is to help one more child who we have not yet, and with your help we can.
