

Anti-Trafficking

Providing expert leadership, holistic care, and powerful advocacy

Each year in the United States, an estimated 10,500 underage youth are coerced into and victimized by the sex trade. At One More Child, we cannot stand the thought of any child enduring the unthinkable trauma of being trafficked. We run with the compassion of Christ and clinical expertise to children and young adults who are survivors of trafficking. We work locally and globally to prevent vulnerable children and individuals from being manipulated into this heinous reality.

A dynamic, trauma-informed approach

COLLABORATION AND TRAINING

We provide 24/7 crisis intervention and ongoing services to sex trafficking victims through our mobile teams, advocacy, mentorship and mental health therapy. We work tirelessly with schools, medical facilities, law enforcement, the hospitality industry and others to improve coordinated care.

GLOBAL ADVOCACY AND EDUCATION

Our prayer is for a world where no child falls prey to sex trafficking. Across the globe we share our expertise as a leading provider of trauma-informed care to equip communities with tools that can prevent trafficking and care for victims.

Help end sex trafficking

GIVE

Every financial gift makes it possible for us to meet the needs of more victims and reach more people locally and globally with education and advocacy efforts.

PRAY

Commit to praying for the trafficking survivors in our care, and the vulnerable children we are working hard to reach every day.

VOLUNTEER

Check out our website to find the latest opportunities to serve.

HOST

Our One More Child Anti-Trafficking Education Event serves as a thought-provoking, engaging resource to equip your community to become informed anti-trafficking advocates.
