

Family Support

Meeting people where they are to help them with what they need most

We engage people right where they are in their journeys, offering resources and relationships that give them a boost and point them toward Christ. It is the type of preventive care that can change the trajectory of lives and the course of families before a situation goes from tough to traumatic.

Opportunities abound to serve those in need

The United States Department of Agriculture reported that 33.8 million people were living in food-insecure households in 2021, with uncertainty about where their next meal would come from.

Overall, households with children have a substantially higher rate of food insecurity and 24.3 percent were single mom households.

Strategic solutions for children and families

We provide **career development, economic mobility, spiritual growth, parenting workshops,** and more for individuals striving to take the next step for their family and children.

We offer **free tax return services, after-school programs, and tangible resources** like clothing, diapers, essential household items, and food for qualifying families.

We host events like **Before the Bus** that provide children school supplies, uniforms, and haircuts as a way to help families and get children excited about the upcoming school year.

We additionally provide items that enhance the family structure by supplying families with Thanksgiving food, Christmas gift shopping, birthday kit items, and more that aid in making valuable memories for children.

Contact us to begin making a difference!

We partner with individuals, churches, and businesses to meet the distinct needs of children and families in their times of distress. We are looking for people like you to partner with us to showcase the compassion of Christ in action.
