

# South Africa

Because of people like you, lives are being changed in South Africa! Many of the children and families we serve live in small communities called townships. These communities continue to have substandard housing, limited infrastructure, and too few schools and job opportunities to support the influx of people. Children in these townships suffer from lack of physical and spiritual nourishment.

By partnering with a local ministry, we are helping to provide proper nutrition for moms and babies, a feeding program for children, and a Christian education to help guide them toward positive life choices - and most importantly, toward Christ.
