

# Child Hunger

## Meeting basic needs to build life-long relationships

At One More Child we believe no child should go hungry, and we are constantly finding new ways to fill bellies and fill hearts through meeting urgent food needs. We feed hungry children and individuals nationally and globally and develop relationships that open the door to making an eternal impact. **In 2022 we provided more than 14.1 million meals**, and through incredible partners and everyday heroes we want to ensure every child in every city has access to food.

### The need for food is real and widespread

In the United States, more than 10 million children are food insecure. Worldwide, nearly half of all deaths in children under 5 are attributable to undernutrition. When we meet the needs of hungry children and individuals we provide hope.

### How people like you help us feed children

Here are some of the ways we are feeding one more child and individuals around the world:

**GLOBAL FEEDING PROGRAMS** In Africa, Central America, Europe and South America we provide nutritious life-changing meals in a variety of ways.

**CHILD SPONSORSHIP** Through child sponsorship we provide life-changing food to children and also provide monthly food baskets to families.

**BACKPACK MEALS PROGRAM** We work with churches, community groups, and business partners who pack nutritious food into backpacks to feed local students and their families.

**MEAL PACKING PARTIES** Our plug-and-play experience for churches, businesses and organizations makes it possible to pack thousands of meals in just a couple of hours.

**FAMILY SUPPORT SERVICES** We provide fresh produce, boxed and canned goods, milk, juice and more to working-class individuals and families who need assistance to ensure their families are fed.

**SUMMER PROGRAMS** Through Summer BreakSpot and other educational programs we provide meals and fellowship for children.
