

Child Hunger

Meeting basic needs to build life-long relationships

At One More Child we believe no child should go hungry, and we are constantly finding new ways to fill bellies and fill hearts through meeting urgent food needs. We feed hungry children and individuals nationally and globally and develop relationships that open the door to making an eternal impact. **Last year, we provided more than 19.5 million meals**, and through incredible partners and everyday heroes we want to ensure every child in every city has access to food.

The need for food is real and widespread. In the United States, more than 13 million children are food insecure. Undernutrition is estimated to be an underlying cause of 45 percent of child deaths worldwide. When we meet the needs of hungry children and individuals we provide hope. Here are some of the ways we are feeding one more child and individuals around the world:

GLOBAL FEEDING PROGRAMS In Africa, Asia, Europe, North America, and Central and South America we provide nutritious meals in a variety of ways.

CHILD SPONSORSHIP Through child sponsorship we provide life-changing food to children and also provide monthly food baskets to families.

BACKPACK MEALS PROGRAM We work with churches, community groups, and business partners who partner with local schools to provide nutritious, weekend meals for children.

MEAL PACKING PARTIES Our plug-and-play experience for churches, businesses, and organizations makes it possible to pack thousands of meals in just a couple of hours.

FAMILY SUPPORT SERVICES We provide fresh produce, boxed and canned goods, milk, juice, and more to working-class individuals and families who need assistance to ensure their families are fed.
