

Family Support

Meeting people where they are to help them with what they need

We engage people right where they are in their journeys, offering resources and relationships that give them a boost and point them toward Christ. It is the type of preventive care that can change the trajectory of lives and the course of families before a situation goes from tough to traumatic.

Opportunities abound to serve those in need

According to Feeding America, in 2022 more than 49 million people turned to food assistance for extra help.

The United States Department of Agriculture reports that nearly one-quarter of all single mother households in the U.S. experience food insecurity.

Strategic solutions for children and families

We provide **career development, economic mobility, spiritual growth, parenting workshops,** and more for individuals striving to take the next step for their family and children.

In addition, we offer tangible resources like clothing, diapers, essential household items, and food for qualifying families.

We host events like **Before the Bus** that provide children school supplies, uniforms, and haircuts as a way to help families and get children excited about the upcoming school year.

We additionally provide items that enhance the family structure by supplying families with Thanksgiving food, Christmas gift shopping, birthday kit items, and more that aid in making valuable memories for children.

Contact us to begin making a difference!

We partner with individuals, churches, and businesses to meet the distinct needs of children and families in their times of distress. We are looking for people like you to partner with us to showcase the compassion of Christ in action.

Start a Backpack Meals Program

Ensure children do not go hungry on the weekend

In the United States, 1 in 5 children wonder where their next meal is coming from. In your community there are students who go home without knowing how much they will have to eat over the weekend. Their grumbling stomachs affect their health, attitude, and their ability to learn. You can step up and meet this need in a fun and cost-effective manner through our **Backpack Meals program**.

What are Backpack Meals?

Backpack Meals provide bags full of shelf-stable, nutritious, kid-friendly weekend meals to local students who need it most. Partner with local schools to distribute the meals to the students and provide life-changing food to children right in your community.

How does the process work?

Churches, community groups, and business partners “adopt” local schools or host an event to ensure children have access to food on the weekends. We provide you with the supplies and the structure to make a difference!

Get started

I am ready to feed children and change lives.

Inquire about starting a Backpack Meals program by scanning the QR code or emailing everychild@onemorechild.org.

When you fill a child's backpack with food, you fill their bellies and fill their hearts.
