

Global Community Development

Clean Water

Nearly **1 million people die** each year from water related issues, including lack of education and access to clean, safe water. One More Child works to build and repair **life changing water wells** in communities globally. We also distribute hundreds of water filters; and provide training sessions on the importance of clean water and how people can access it in their community.

Education

An insufficient number of learning facilities, trained teachers, school materials and bathrooms creates a difficult learning environment for children around the world. An estimated **617 million children** are unable to meet basic proficiency levels. One More Child currently serves **more than 1,600 children** through our sponsorship program which gives them greater access to education. Children in our sponsorship program receive opportunities for scholarships, school fees, uniforms, and books.

Food

A recent report from the United Nations states global hunger continues to rise. The estimated number of malnourished people worldwide is now more than **800 million**. One More Child is serving millions of meals domestically and globally to families and children in crisis. Nutritious food and vitamins are essential to children and families living in extreme poverty.

Housing

Housing is imperative for a child's well being. Poor quality housing can lead to psychological stress, and higher levels of emotional problems, including depression, anxiety, and behavior issues. Since 2015, One More Child has built **more than 100 homes** for families. We have also repaired 300+ homes that have roof leaks, unstable flooring, and kitchens without proper smoke ventilation.

Sanitation

Roughly **4.5 billion people** don't have a toilet that safely manages human waste at home. This is an essential need to reduce the spread of disease. One More Child works to build and repair **latrines** for families living in homes without access to a family bathroom. Since 2018, we've also aided multiple schools in building bathrooms so students could have proper sanitation.

YOU Can Make a Global Impact

We need your help to improve the lives of children and families living in poverty. Projects are completed at our ministry sites in various countries in Africa, Asia, Europe, North America, and Central and South America. Join us as we support children and families in their pursuit of a healthy, successful, and Christ-honoring future.

\$10,000

- Build a **water well**
- Provide **30,000 - 40,000 meals**
- Fund a **global staff position** for one year

\$5,000

- **Build or repair a home** for families living in substandard housing
- **Fund a training conference** for pastors, leaders, parents, teens and children

\$2,500

- **Provide 250 Bibles** for churches and pastors in need of resources
- **Provide scholarships** for furthering education
- **Administer urgent medical care**, medicine and surgery for children and parents in our programs

\$1,000

- Build or repair **toilets and latrines**
- Fund an **agriculture or farm project**

\$504 annually

- **Sponsor a child** (\$42/month)

*Cost may vary depending on location.

YOU can support one of our **community development projects** by giving online or mailing a check!
