

Child Hunger

Meeting basic needs to build life-long relationships

At One More Child we believe no child should go hungry, and we are constantly finding new ways to fill bellies and fill hearts through meeting urgent food needs. We feed hungry children and individuals nationally and globally and develop relationships that open the door to making an eternal impact. **Last year, we provided more than 13.7 million meals,** and through incredible partners and everyday heroes we are working to ensure every child has access to food.

The need for food is real and widespread. In the United States, more than 13 million children are food insecure, and undernutrition is estimated to be an underlying cause of 45 percent of child deaths worldwide. When we meet the needs of hungry children and individuals, we provide hope. Here are some of the ways we are feeding children and individuals around the world:

GLOBAL FEEDING PROGRAMS In Africa, Asia, Europe, North America, and Central and South America we provide nutritious meals in a variety of ways.

BACKPACK MEALS PROGRAM We work with churches, community groups, and business partners to pack and deliver bags of weekend meals for hungry students in local schools.

CHILD SPONSORSHIP Through child sponsorship we provide life-changing food to children and also provide monthly food baskets to families.

FAMILY SUPPORT SERVICES We provide fresh produce, boxed and canned goods, milk, juice, and more to working-class individuals and families who need assistance to ensure their families are fed.

Backpack Meals Program

Ensure children do not go hungry on the weekend

In the United States, 1 in 5 children wonder where their next meal is coming from. In your community there are students who go home without knowing how much they will have to eat over the weekend. Their grumbling stomachs affect their health, attitude, and their ability to learn. You can step up and meet this need in a fun and cost-effective manner through our **Backpack Meals program.**

What are Backpack Meals?

Backpack Meals provide bags full of shelf-stable, kid-friendly weekend meals to local students who need it most. Partner with local schools to distribute the meals to students and provide life-changing food to children right in your community.

How does the process work?

Churches, community groups, and business partners “adopt” local schools or host an event to pack meals, ensuring that children have access to food on the weekends. We provide you with the supplies and the structure to make a difference!

Get started

I am ready to feed children and change lives.

Inquire about starting a Backpack Meals program by scanning the QR code below.

START TODAY

When you fill a child’s backpack with food, you fill their bellies and fill their hearts.
