

Family Support

Meeting families where they are with the resources they need

We engage families at their point of need, offering the critical resources and supportive relationships necessary to promote stability and point them toward Christ. Through proactive intervention, we help families move toward a more hopeful future—strengthening the family unit before a difficult situation spirals into a crisis.

The growing need for community support

Food insecurity is a widespread issue. Nearly 48 million people in the U.S. and 1 in 5 children face hunger. 14 million children don't have enough food to thrive.*

Pathways to self-sufficiency

We believe true transformation requires addressing both immediate crises and long-term stability. Our holistic framework empowers adults through targeted programs in **career development, economic mobility, spiritual growth, and parenting workshops** designed to move families toward independence.

To bridge the gap during times of immediate distress, we supply tangible relief, including clothing, diapers, household necessities, and emergency food boxes.

Mobilizing community outreach

Through community partnerships, we collaborate with a network of local churches, businesses, and other providers to ensure each family receives whole-person care for their spiritual, physical, and emotional development. **We mobilize this support through parent cafes and specialized trainings for families in our care.**

We also provide items that enhance the family structure by supplying families with Thanksgiving meals, Christmas gift shopping, and birthday kits–allowing parents to create lasting memories despite financial hardship.

Contact us to begin making a difference!

We partner with individuals, churches, and businesses to meet the needs of children and families in times of distress. We are looking for people like you to join us in showcasing the compassion of Christ in action. Email us at **familysupport@onemorechild.org.**

Compassion Centers

Life-changing impact through tangible support

A Compassion Center is a hub where volunteers, businesses, and individual donors collaborate to make a profound difference in the lives of foster children, hungry children, trafficked children, single mothers, and struggling families. Clients can access vital resources, local businesses can donate surplus products, and donors can see the impact of their contributions. Compassion Centers offer various spaces, including a warehouse for distributing goods, training and education rooms, a family market, and a boutique to provide clothing—all free of charge.

REGIONAL DISTRIBUTION One More Child distributes essential food and non-food items to families in need within the communities we serve locally and nationally.

PARTNERSHIPS The generous donations of our corporate partners and logistic providers enable us to meet the needs of more children and families.

VOLUNTEERS Compassion Centers have a vibrant volunteer culture. Volunteers assist, organize operations, and serve families in need. Apply today: **onemorechild.org/volunteer**

STRENGTHENING COMMUNITIES Stronger communities begin with stronger families. We provide the resources and support to help both thrive.
