

Sanctity of Human Life

Compassionate, Godly counsel for women and families facing unplanned pregnancies

We acknowledge that all human beings are created in the image of God and that every life has dignity and value. With the landmark Supreme Court decision to overturn Roe v. Wade, our mission to provide physical, emotional, and spiritual care for women and families facing unplanned pregnancies is more critical than ever. We coordinate with more than 200 pregnancy care centers/clinics (PCCs) and life ministries to meet the needs of women and to help educate them about the options available to them.

The IMPACT of Pregnancy Care Centers

A PCC functions as a missional arm of the local church by offering educational resources, as well as holistic emotional and spiritual counseling to men and women in need. The PCCs offer free pregnancy tests, free limited ultrasounds, referrals to prenatal care providers, educational resources, and more.

The NEED for Pregnancy Care Centers

According to the Centers for Disease Control and Prevention, as many as 80% of abortions are performed on women who are single. We also understand that many women experience severe depression, guilt, and anxiety over having to choose abortion. Our goal is to be the missing link that guides these women to a place where life-giving transformation is possible.

Combining biblical counseling and adoption education, we come alongside mothers and fathers of unborn children and provide them with alternatives to abortion.

The MISSION of Pregnancy Care Centers

PCCs promote sexual purity and abstinence for teens and singles. For women in the midst of an unplanned pregnancy, PCCs offer hope by celebrating the lives of unborn children and helping women explore all their parenting options, including adoption. PCCs also help men and women find restoration and healing through counseling. Many lives have been changed and even saved as the redemptive love of God has been shared.
