

CLASS CRAFTS

Flower Pens

NEEDS: A stem of silk flowers at the dollar store (usually 3-4 flowers on each, but a choice of colors is fun!), plain ball point pens with caps and floral tape.

INSTRUCTIONS:

- Discard pen caps.
- Cut stems roughly the length of the pen body.
- Simply begin at the top and wrap the floral tape around the stem from top to bottom, **carefully covering the cut wire** several times and securing the tape.

This project only takes a few moments but it is certainly fun to do and use!
